**TO WHOM IT MAY CONCERN**

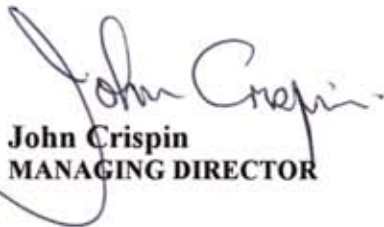

Dear Sir/Madam

We have worked with Web Technik Ltd of 45 Mowbray Street, Sheffield S3 8EN since late 2005 when we contracted them to develop our "Clinic" website. As a result of the professional work undertaken, we subsequently instructed Web Technik Ltd to redesign our Company website.

Web Technik Ltd provided, and continue to provide, an efficient and satisfactory service. They respond quickly to the tasks they are assigned and offer advice and support when required.

We have no hesitation in continuing to use their services in the future.

Yours sincerely  
**DAWMED INTERNATIONAL LTD**
