Dear Pauline

Webtechnik Ltd - Testimonial

I have pleasure in providing the following testimonial on behalf of ECUS Ltd, an environmental consultancy based in Sheffield for 21 years.

Having worked with Webtechnik Ltd for 3 years now, I have found their knowledgeable, understanding and friendly approach as evident today as when ECUS' Managing Director and I first met Rob and Pauline.

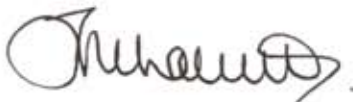

The quality of work is excellent, delivery is prompt and their supportive, patient and communicative approach has, on occasions, been a "lifeline" in difficult and technical times!

We have never considered approaching any other company for our web services and I cannot envisage needing to in the future.

As an established consultancy which prides itself on providing our own clients with a professional and quality service, it is refreshing to work with a like-minded organisation with the same philosophy.

Should you wish to contact me, I would be more than happy to discuss my comments.

Yours sincerely

Julia Laurie
